Good afternoon,

I hope everything is going well. I have attached the documents that are responsive to your PIA request. Let me know if you have any questions.

I have included the relevant budget sheets for 2024, 2025, and 2026. I have also included the job description for the Victim Coordinator. Further, while it is not written, it is a policy for my Victim Coordinator to send out a victim packet to every victim connected with a case that is received by my office. I have included the documents that are contained in that victim packet.
